**FORM 3.2(A) BUSINESS OWNERSHIP EXPERIENCE**  
**FORM 3.2(B) MANAGEMENT AND/OR SUPERVISORY EXPERIENCE**  
**FORM 3.2(C) EMPLOYEE EXPERIENCE**

**Instructions**

It is important that you supply complete and accurate information about all relevant business ownership, management, supervisory, and employment experience so that the BMV will be able to verify that experience from independent sources. Generally, proposers receive the most consideration for service as a deputy registrar, second most consideration for service as a business owner, third most consideration for service as a manager or supervisor, fourth most consideration as a deputy registrar employee without management experience, and least consideration for other employment experience without any supervisory or management experience. Be sure to include as much detailed experience possible within the submitted professional resume.

**Nonprofit corporations** must report only the businesses and activities conducted by the nonprofit corporation itself on Form 3.2(A) Business Ownership Experience. If the nonprofit corporation has operated a deputy registrar agency, that information should be entered and submitted on one Form 3.2(A) Business Ownership Experience. Any other business activities (fundraising, charitable activities, etc.) should also be entered and submitted on a separate 3.2(A) Business Ownership Experience. Use a separate Form 3.2 for each separate business activity performed by the NPC and a separate Form 3.2(A) for each separate business activity performed by the NPC.

**Form 3.2(A) Business Ownership Experience.** Deputy registrars, nonprofit corporations, county auditors, clerks of courts, and individuals should use this form to report on businesses actually owned and operated by them.

**Form 3.2(B) Management and/or Supervisory Experience.** Individuals, county auditors, and clerks of courts should use this form to report management and supervisory experience performed by them. Service as a county auditor or clerk of court qualifies as management and supervisory experience.

**Form 3.2(C) Employee Experience.** Individuals, county auditors, and clerks of courts should use this form to report all other employment that did not include management or supervisory authority.

### 3.3 CUSTOMER SERVICE EXPERIENCE

**Instructions.** Please give us a list of ideas you have to improve customer service at your deputy registrar agency. You will only receive full credit if you demonstrate sufficient customer service awareness.

A. This is a list of ideas I have to improve customer service at my deputy registrar agency if I am awarded a contract (Please be specific) and/or this is an example of something I have done as part of my job or business to improve services for my customers (Please be specific):

Be professional. Greet customer. Listen carefully to customer. Resolve customer complaints and problems promptly.

Provide customers with adequate information to prepare for service at the agency and also avoid repeated returns to the agency for the same problems.

Help Senior citizens to sign in. Provide physically and medically challenged customers expedited service.

Continuing education of staff on customer service and best practices in customer service.

Continuing education of staff on BMV manuals, procedures, forms, services, prices, and bulletin. Daily emphasis on "customer is king".

Work with Agency City Chamber of Commerce to recruit & attract the best employees. Review difficult customer interactions and come up with the resolution paths to prevent future recurrence. Encourage greeting of each customer. Compliment and highlight good customer service by any employee. Schedule additional staff for peak periods. Provide checklists for most common BMV tasks for customers. Display notice that we do not offer "Title" or "Testing" services and provide clear direction to the nearest title & testing office. Ensure agency is clean. Require staff to tell every customer that they can provide a feedback comments on the "service rendered and how we can better improve our service to them".

I provided customer service and technical support to diverse users. I listened carefully to the problems or complaints and identified the issues the customer had. I confirmed with the customer by summarizing and highlighting the exact problems they had and were experiencing. They were relieved that they were listened to and their issues were understood. When I resolved the problem, I confirmed that they were satisfied and asked if there was anything else I could help with. This attitude was also effective with the teams that I managed

### 3.9 INVOLVED AND INVESTED IN YOUR BUSINESS

**Instructions:** Answer all of the following questions to the best of your ability. Please be concise and attempt to limit each answer to seventy-five (75) words or less. Include attachment(s) if more space is needed to answer any of the questions.

1. How do you plan to manage, be responsible, and be accountable for this business at all times?

By being readily present, pleasant, and knowledgeable on all the products and services we offer. By creating and improving business processes, procedures and cycles. By giving attention to details. By efficient management and organization of time, employees, finances, inventory, and the building. By keeping customer treatment & satisfaction the constant focus and priority of all BMV activities and effort. By employing staff that share these values and represent the image of the BMV, ODPS and the state of Ohio and therefore must reliably prioritize the customer and ensure customer satisfaction at all times.

2. How will you ensure that all laws, rules, guidelines and procedures are followed, at all times, specifically with regard to issuing and renewing driver's licenses, identification cards, and vehicle registrations?

By being thoroughly conversant and knowing the laws, rules, guidelines and procedures myself. By requiring all employees to know them and read the manuals and the broadcasts. By adequately vetting and thoroughly training employees in following all required and recommended guidelines of the The Registrar. Continuous training through classes, broadcasts, and manuals will be mandated and rewarded. New developments and process improvements would be shared before shifts and during staff meetings. Common & Known mistakes would be compiled & kept to be discussed regularly so that they can be avoided. A working environment that fosters a policy of "when in slightest doubt, ask a Manager" & "better safe than sorry" would be encouraged among my BMV employees.

3. What measures will you put in place to detect, deter, and prevent fraud?

I will create a clear and uncluttered work area where materials and resources are arranged in a logical, sequential, and functional manner. I will ensure a very well illuminated office which breeds transparency. I will provide proper internal controls of checks and balances that will be in our processes. I will ensure employees are well vetted, competitively and adequately compensated, and enjoy their work. I will ensure regular product inventory and camera systems review for employee actions as they handle confidential data. BMV materials in storage will be locked up. Walls & Notice Board will have information on Penalty for fraud. There will be Zero tolerance for theft and the authorities will be notified. I will provide a designated place away from work areas for staff personal items. I will also avoid employees working alone or in cliques. Down times will be used for going through manuals and cleaning.

4. The Bureau of Motor Vehicles routinely issues new and/or revised policy and procedural changes through email broadcasts to the deputy registrars. How will you ensure that policies and procedures are communicated to the staff and followed on a daily basis?

I would require employees to read, acknowledge and initial new policies and procedures. It would be printed before shifts; clarity and understanding would be verified. Changes would be discussed, simulated, and reviewed. Folders for broadcasts and newly updated information will be kept within reach of all employees. During down time, employees will be encouraged to read the different manuals in the BMV BASS system; if there is updated information or procedure discovered that no other employee is aware of, the employee that discovers this and alerts the rest of the team would be financially compensated under our fringe benefits.

5. How will you demonstrate good leadership to your employees?

I will be present and know every detail of the business. I will actually do every function in the work process from greeting customers, cleaning the agency, and picking up items for staff. I will exhibit a servant leader attitude. I will lead by example, modeling behavior and attitudes that staff could emulate. I will be involved in helping staff grow in their jobs and responsibilities. I will be sensitive and come to the aid of employees having difficulty with any service, product, or customer. I will ensure that employees are aware that their success and welfare in the workplace and outside is strongly desired by me.

6. How will you maintain a high level of professionalism each day in this business?

By keeping employees focused everyday on the customer and the joy and satisfaction of meeting the needs of others. This is highly rewarding. By letting employees know it is a "privilege" to work here and be able to serve customers. By letting employees know that we are representing the state of Ohio. Essentially we are the "face" of "BMV, ODPS & State of Ohio". So our interaction with the customer must live up to a highly professional standard and reputation and not create a bad image for these government agencies which we represent. Be optimistic, positive, complimentary, friendly, pleasant, kind, and nice to the employees and to the customers. Talk to customers with respect, patience, and empathy.

7. How do you intend to recruit and retain high quality employees?

I will work with City & County Chamber of Commerce to get good employees. Have good Customer Service reps shortlisted from the website Indeed.com. I will retain quality current staff at the location that love people and love what they are doing. I will employ staff with BMV experience and those with direct customer interaction experience. Explore job fairs on college campuses.  
I will compensate new and current employees with a very competitive and attractive wage. I will not assume employee's happiness but instead constantly get feedback from them as a group and individually to know they are happy with their job. I will also remove obstacles to their effectiveness at work.

8. How will you provide a safe, clean and friendly place to do business?

I will provide a very good security system including video surveillance. Well illuminated building. Doors secured with locks in the front and rear. I will ensure daily cleaning of tables, desks, equipment floor. Annual carpet cleaning. Painting of interior. Hand sanitizer available at every desk and table. I will have air-freshener available within reach of employees. The toilet & bathroom will be cleaned daily and well stocked for employee use. I will let employees know we all work as a team and there is a complimentary financial compensation for any employee that comes to the aid of needy employee in the course of their work. I will promote a conducive and friendly atmosphere.  
I will encourage employees to "Smile and have a welcoming, friendly disposition" to customers. Develop "a friendly welcome script" for customer approaching the counter just like you would have for answering the telephone in a business setting.  
Employee feeling overwhelmed should be comfortable and eager asking for help and assistance from a colleague or a manager.  
Every Employee should feel important and relevant to the business. A collegial team atmosphere would be encouraged  
When Employee mistakes happen, speedy resolution, remedy, and future avoidance should be the focus and not just impact of the mistakes.

9. How would you deal with an irate customer?

The goal is to be patient with the customer, listen to the grievance, identify what brought them to the BMV today and work to address that. Explain how the problem would be solved, and if it is out of our jurisdiction, provide the customer where to go to resolve the problem and how to get there. If we make a mistake, we would apologize; customers appreciate this.  
I will encourage my employees that the tone of their voice is very important in this situation; they are not to raise their voice, shout back, or point at the irate customer, they should also avoid getting angry or taking criticisms or customer outbursts personal. If they inadvertently become emotional, they should ask a manager for help with the customer. This even pacifies some customers as they perceive that their situation has been escalated to a higher authority. My managers and I would also be sensitive and step in as we see an interaction going south; we will introduce ourselves as the employee's manager and ask the customer how we can help. We will do this with sensitivity to the employee.

10. What training or advice do you, or will you, give to your employees for dealing with irate customers?

In addition to the answer in Question 9 above:

Don't take it personal or emotionally. With a soft voice, let customer know you want to solve the problem. Listen carefully, identify the need of the customer, apologize if it would pacify the customer, explain how you would help, then go resolve the problem. At the end, ask if there is anything else you could help with. Get the manager to help, this calms some customers.

Especially if they think their issue is being specially attended to.

At the end, ask them "if there is anything else you could help them with" and "if they are satisfied with the resolution of the problem".

11. How will you meet the expectations of the Bureau of Motor Vehicles?

I will work to meet and exceed the expectation of the BMV by keeping the obligations of my contract, the Deputy Registrar Agency manual, the DL, ID, and VR manuals and the laws pertaining to the BMV in the OAC and ORC. Concerted daily effort to satisfy the customers that come in and call on the phone. Keep the BMV operational, respect the time of customers, be in constant touch with the BMV updates and information. Have weekly and regular contacts with my Field Representative and district office for my Agency. Work to meet the metrics of the BMV. Keep records and logs expected of me by the BMV. Keep my Field Representative aware of activities at my Agency regarding successes, mistakes, employee performance, problems, and even goals; work to avoid surprises by the Field Representative. Check regularly with the Supervisors of my agency to know if we are living up to expectations. I will also be in touch with my Field Representative for another reason; to know if there are important operational lessons we can learn from other agencies that the Field Rep is responsible for.

12. Why should the Bureau of Motor Vehicles consider you for a deputy registrar license agency contract?

I have several years of experience working and managing a BMV as well as a Deputy Registrar. Experience turning around the previous bad reputation of an agency, with repeated daily positive customer comments and feedback.

I like to meet the needs of people and help out in difficult circumstances. I believe I can improve people's experience interacting with the BMV.

As Deputy Registrar, I was agile to adapt to COVID operational changes and post-COVID rush successfully.

Extensive professional experience working with people of different backgrounds and circumstances, resolving their urgent computer problems and fixing complex technical fixing the complex technical issues while also explaining the resolution in clear and understandable terms that is satisfactory to them. Being able to work under enormous public pressure resolving problems while minimizing the recurrence has prepared me for this DR opportunity.

Being an Engineer enables me to see services as procedures & processes and help improve them to enhance people's lives and work. These skills would continue to help me to contribute considerably to the goals of the BMV.

My Computer background is an asset to the BMV as computer systems and new technology solutions better improve BMV services to customers in areas such as kiosks, texting, wait-time technologies, online services and others. Being a Deputy Registrar, my experience would be an added benefit to the BMV in working with the agencies to get not only administrative but technical feedback.

My agency will strive to give each customer a pleasant experience.
